

Report of the Alternate Delegate:

I have met with Marilyn to hand over documents that she might find useful in her new position and to assure her that I am available to answer any questions she might have.

I met with Cheryl and Kelly as Cheryl handed over documents and materials related to the delegate position and to learn as much as I could on how I can support Kelly in her new role.

I prepared the orientation for today and have ordered material for doing orientations around the area.

I have made my plans to attend the conference of delegates past and present in Milwaukee this February.

I look forward to serving Area 20 these next two years.

Respectfully;

Robert S
