

Alt. Chair Report

September 16, 2017

Went to Grayslake on August 27th for another Spring Assembly Conference Planning meeting. We didn't have access to the Church where we were to meet. It was a very nice day so we held the meeting outside behind the Church. Some more people filled some open positions. I know that I say this a lot, but I really love our Planning Meetings.

On the 28th of August I went to Dekalb for a planning meeting for our 2017 Big Book Conference. Time is close, Nov. 4th, so get your Registrations sent in.

On September 6th District 91 had their District meeting. We met Tracy in Sterling and drove together. What a great meeting. Toward the end of the meeting we discussed hosting the 2018 Big Book Conference. There was much discussion, pro and con. Toward the end, one person commented that they would feel better if someone would step up to be chairperson. There was a bit of silence then someone stated that he would do it. I love the process of allowing someone to serve. I was asked at the end of the meeting if I had anything to say. All I could say was that I was very excited! It was a wonderful ride home!

Thank you for your service,

Steve M

Alternate Chair
