## **Floor motion to cancel 2019 Spring Assembly Conference**

**Motion** - On behalf of the Area Conference Advisory Committee it is moved that the 2019 Spring Assembly Conference be cancelled. The 2019 Spring Assembly will convene as a stand-alone event at a location to be finalized when the 2019 calendar is approved later this year.

**Background-** This motion is being prepared and submitted to the Area Chair as a floor motion to be presented in the unfortunate event that no bids for the 2019 Spring Assembly Conference are accepted at the 2018 Spring Assembly. The committee feels that without a binding bid at today's assembly there will be insufficient time for a future committee to properly plan for and execute a Spring Assembly Conference in 2019, as this would mean that committee would have less than 12 months to prepare.

This motion only affects the 2019 Spring Assembly Conference.

Submitted on behalf of the NIA 20 Conference Advisory Committee-
