## 2018 Summer Committee Meeting - Area Chair Report

You'll notice that we have the new printed NIA Service Manuals today which are being provided free of charge courtesy of the Area. I would like to thank Cheryl V. and Heather S for all the work they put forth to make them available for today's meeting. We anticipated that DCM's would take about 20-25 per district so please limit your manuals to that number so all the districts have a chance to get some. If we need more, we'll get them!

Next I'd like to thank D43 for stepping up at the last assembly (during the Open Microphone portion) to offer to take back to their district, the idea to host the 2019 Illinois State Conference. I know I speak for the entire Area when I say "Thank you for your service".

Speaking of the Illinois State Conference, I have pretty much been in contact with them once a week for the last few weeks. As of Friday, they had 111 registrations (of a budgeted 250) and 75 banquets sold. We all know it's quite common for many of us to register for these events on-site, however I would ask that if you know you're going please pre-register so that the chairs can stop sweating!

As a reminder the table below shows the people that signed up to host Alka-thon meetings at this year's (2018) Illinois State Conference held August 17-19 at the Decatur Conference Center in Decatur Illinois. Thank you all for your service. I have also been advised the program committee is looking for (as of today) 3 NIA 20 panelists to sit on panels. The panels are General Service, Old-timers and Traditions in Sobriety. Hopefully by the time you've read this, I've already filled those slots, but please, if you have a desire to sit on one of these panels, please let me know today.
