

Alt. Chair Report

June 11, 2016

Enjoying the Journey. Thank you for the opportunity to serve. Working with Districts 23&40 with the 2017 Spring Assembly Conference. The contract negotiations with the hotel is something I've never been a part of. This experience has been very educational. Sure do understand the importance of our Conference Advisory Committee. Their past experience has been very helpful. Not only in the Contract negotiations, but with their experience of past Spring Assembly Conferences.

Was not able to make the Big Book Conference Planning meeting last month. The hard work of District 41 is paying off. They understood saying that they would miss me but they would carry on.

The Spring Committee meeting May 14th was another great learning experience. Working with District 40 was a pleasure. They worked hard and provided the necessary service that our Committee Meeting needed. Discussion on the motions went well. A lot of information shared. Look forward to the Summer Assembly for our Groups decisions.

District 12 will host our Summer Committee Meeting. It's nice to meet the members of our districts. Planning seems to be going well.

District 62 will host our Fall Assembly in Lafox Sept. 17th. I'm learning that not everyone knows what is needed from our districts to host our events, but the willingness to be of service is definitely there. Look forward to talking with Phil and working with their committee.

In July District 22&23 are having a General Service Orientation. I've been asked to speak on the Role of the GSR.

At our 43rd annual Illinois State Conference/ East Central Regional Conference I've been asked to participate on a Panel. The topic to be Leadership in AA.

Thank you for the opportunity to serve

Steve M
