

Website Administrator Report for the 2017 Winter Assembly

Earl and I extend our deepest thanks to all the outgoing officers, committee chairs and alternates for their support and encouragement in our website activities. It's not always easy to be an instrument of change, but everyone has been wonderfully cooperative and accepting of our efforts.

The most recent website changes have been the additions of a Special needs/Accessibilities page, a Survey page for the new area inventory and a page for the new technical committee. We hope that during the next rotation we can stimulate interest in updating the other existing committee pages and adding new ones. Most of the existing committee pages are terribly outdated and we hope the incoming chairs will be motivated to update them. The switch last year to a sustainable web platform will enable meeting that goal and making our web services more effective.

Happy, joyous and safe holidays to all!

John C., website administrator

Earl N., alternate website administrator
