- The Primary Purpose Basic (PPB) covers expenses that occur every year. These include all costs for things like Area Assemblies and Committee meetings, printing of minutes and the newsletter Concepts, insurance, orientations, conferences, etc.
- The first section of the register, The Primary Purpose Basic (PPB) section, lists and funds and facilitates service activities that are described in the Duties and Responsibilities section of these guidelines.
- The PPB provides funding for all the activities listed in the Duties and Responsibilities section of this handbook.
- The second section, the Primary Purpose Motion (PPM) section, lists and funds. additional service activities, resulting from motions delegated approved by the Assembly to its trusted servants. PPM activities may be proposed by any member of the Fellowship but most often originate within a service committee. Ideally, all proposals are considered by a service or administrative committee prior to presentation to the Area Committee .

PPMs are approved by a substantial unanimity (2/3 majority) vote of the Assembly. Upon PPM approval by the Assembly, the Treasurer or Alternate Treasurer adds the PPM to the Primary Purpose Register, the responsible trusted servant performs the service activity, and the Area Treasurer is authorized to reimburse associated expenses.

In the primary purpose finance model, activities need not have a time frame and so may continue from one year to the next or even from one rotation to the next, thus providing continuity for service committees. As such, the primary purpose finance model is not a budget in the traditional sense. No individual or committee at the Area level has a line item budget they are free to spend. Instead, the basic register provides for activities that trusted servants are expected to participate in (see the Duties and Responsibilities document) and the motions section of the register provides for activities pursued by service committees in their effort to carry the message to the alcoholic who still suffers.

Summary

Consistently using the Primary Purpose Register as the financial communication vehicle defocuses the Assembly on money by focusing more transparently on service. It improves quantity and quality of communication between the Assembly and its trusted servants. The Treasurer is individually responsible only for the treasurer role – to manage cash and to pay the bills. The Finance Committee has responsibility for the controller role – to plan and manage the treasury and the time-sequence for service activities on the Assembly’s behalf. Detailed guidelines for each service activity provide common direction to trusted servants responsible for service activities and to the committee responsible for paying the expenses for those activities. Annual budgeting, mid-year budget increases, and the “new service activity” process, are simplified. The annual budget rollercoaster that was common previously is gone: we endure no more quibbling over contributions to the General Service Office or scrambling to do something at the end of a year to spend area contributions “at home”. Clearer delegation of these financial responsibilities by the Assembly has shifted the area’s focus from money to service.
