July 22, 2020

The Board of Trustees The General Service Board of Alcoholics Anonymous, Inc. 475 Riverside Drive, New York, New York 10115

Members of the Board:

We have audited the accompanying consolidated financial statements of The General Service Board of Alcoholics Anonymous, Inc. and its Affiliates, Alcoholics Anonymous World Services, Inc. and Alcoholics Anonymous Grapevine, Inc. (collectively, the "Organization"), which comprise the consolidated statements of financial position as of December 31, 2019 and 2018, and the related consolidated statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the consolidated financial statements.

# Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

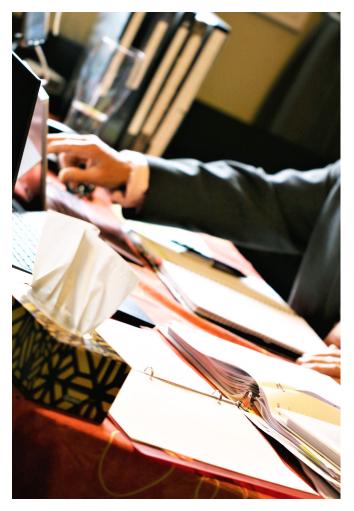

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of December 31, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The supplementary information is presented for purposes of additional analysis of the consolidated financial statements and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

#### THE GENERAL SERVICE BOARD OF ALCOHOLICS ANONYMOUS, INC. ALCOHOLICS ANONYMOUS WORLD SERVICES, INC. ALCOHOLICS ANONYMOUS GRAPEVINE, INC. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2019

**Note 1** — **Organization and Nature of Activities:** The General Service Board of Alcoholics Anonymous, Inc., ("GSB") and its affiliates A.A. World Services, Inc. ("AAWS") and AA Grapevine, Inc. ("AAGV") (collectively, the "Organization") are not-for-profit organizations organized in New York for the purpose of assisting in the formation of A.A. groups and coordinating the A.A. program of rehabilitating alcoholics throughout the world, and publishing books, magazines, pamphlets and other material directly related to that purpose. The trustees of GSB are ex officio members of AAWS and AAGV, and as such, elect their boards of directors. As members, they also have the sole right to amend the AAWS and AAGV bylaws and approve their budgets.

GSB, AAWS and AAGV are exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code.

The activities of GSB are conducted in five separate funds, as follows:

GENERAL FUND — This fund is comprised of those assets not included in any of the other funds and that may be used for any purpose for which the Organization was formed. These purposes presently include activities related to communication and information services to A.A. groups and members, public information, cooperation with the professional community and regional, national and international meetings, conferences and conventions.

RESERVE FUND - This fund was established in 1954 for the purpose of accumulating a prudent operating reserve, which during 1977, was redefined by a special General Service Board Committee as the prior year's combined operating expenses of AAWS, AAGV and the general fund of GSB. The committee also recommended that all investment activities of the operating entities be consolidated into the Reserve Fund. That advisory action was approved by the Board of Trustees and since that time, all funds of the operating entities in excess of those required for working capital have been transferred to the Reserve Fund. Included in such transfers from AAGV have been amounts held for unfulfilled subscriptions reflected as a liability of the Reserve Fund on the accompanying consolidated statement of financial position. Any withdrawals from the Reserve Fund must be specifically authorized by the Board of Trustees upon recommendation of the Trustee's Finance Committee.

CAPITAL PROJECTS FUND — This fund accounts for the cost of leasehold improvements and computer hardware and software incurred under major capital projects and records depreciation on such assets.

POSTRETIREMENT MEDICAL FUND — In 2016, a goal of accumulating assets was established to fund 100% of the liability by 2025.

CONVENTION FUND — A separate fund established to record the direct revenue and expenses of international A.A. conventions held every five years. These events are separate from the regular operations of the General Service Office ("GSO"), but the general fund receives any excess of revenue and pays any excess of expense resulting from the activity.

From a historical perspective, the net direct result of all conventions held to date is approximately an excess of income of \$1,350,000 and presently resides with all other income not required for working capital in the Reserve Fund.

#### Note 2 — Summary of Significant Accounting Policies:

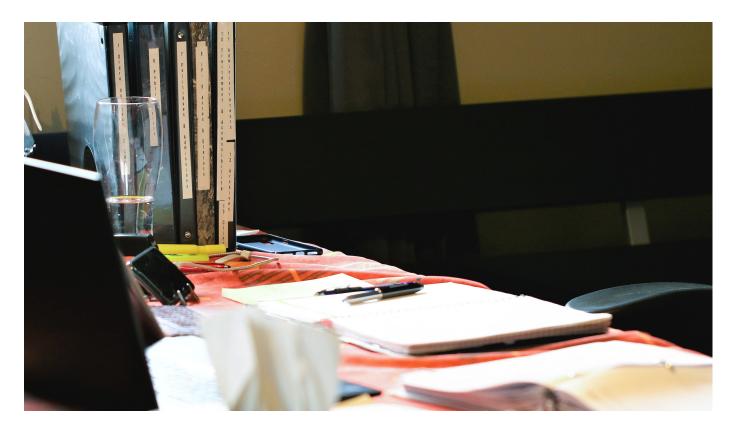

- A. Basis of Consolidation The consolidated financial statements of the Organization have been prepared by consolidating the financial statements of GSB, AAWS and AAGV. All material intercompany transactions and balances (when applicable) have been eliminated in the consolidation.
- B. Basis of Presentation The accompanying consolidated financial statements of the Organization have been prepared on the accrual basis of accounting. The Organization adheres to accounting principles generally accepted in the United States of America ("U.S. GAAP").
- C. *Net Assets* The Organization maintains its net assets under the following classes:

Without donor restrictions — This represents net assets not subject to donor-imposed stipulations and that have no time restrictions. Such resources are available for support of the Organization's operations over which the Board of Directors has discretionary control.

With donor restriction — This represents net assets subject to donor-imposed stipulations that will be met by actions of the Organization or by the passage of time. When a stipulated time restriction ends or purpose restriction is accomplished, such net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statements of activities as net assets released from restrictions.

All net assets of the Organization are net assets without donor restrictions as of December 31, 2019 and 2018.

- D. Cash and Cash Equivalents The Organization considers all highly liquid investments with a maturity of three months or less when acquired to be cash equivalents.
- E. *Investments* Investments are stated at fair value. Interest, dividends and gains and losses on investments are reflected in the accompanying consolidated statements of activities as increases and decreases in net assets without donor restrictions.
- F. Fair Value Measurements Fair value measurements are based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy prioritizes observable and unobservable inputs used to measure fair value into three levels, as described in Note 5.
- G. *Inventory* Inventory is valued at the lower of cost or net realizable value, as determined on the first-in first-out method. Net realizable value is defined as the estimated selling price (in the ordinary course of business) less reasonably expected costs for completion, disposal and transportation. Literature distributed without charge is included in the cost of printing as a reduction of inventory. Inventory costs include paper, printing, binding and shipping.
- H. Property and Equipment Property and equipment are stated at cost less accumulated depreciation and amortization. These amounts do not purport to represent replacement or realizable values. The Organization capitalizes property and equipment with a useful life of one year or more and a cost of at least \$1,000. Depreciation is provided on a straight-line basis over the estimated useful lives of the assets. Leasehold improvements are amortized over the lesser of the estimated useful life or the term of the lease.
- Revenue Recognition The Organization earns revenue from the publication of magazines and distribution of literature. Magazine revenue is recorded as subscriptions are

fulfilled. Revenue from the distribution of other publications are recognized when goods are shipped. Payments received in advance related to subscriptions are reflected as deferred revenue on the accompanying consolidated statements of financial position.

- J. *Contributions* The Organization accepts donations from A.A. groups and members. Contributions are recorded as increases in net assets with or without donor restrictions, depending on the existence and/or nature of any donor restrictions. Contributions that are restricted by the donor are considered as increases in net assets without donor restrictions if the restrictions are satisfied in the period in which the contributions are recognized. The Organization does not receive or solicit pledges, so contributions are recorded as revenue when cash is received. For the years ended December 31, 2019 and 2018, all contributions were included in net assets without donor restrictions.
- K. Allowance for Uncollectible Receivables The Organization provides a reserve for uncollectible accounts receivable based on management's assessment of the current status of individual accounts outstanding, the creditworthiness of its customers, the aged basis of the receivable and prior historical experience. As of December 31, 2019 and 2018, the Organization determined an allowance of approximately \$21,000 was necessary for accounts receivable.
- L. *Functional Allocation of Expenses* The cost of providing the various program and supporting services has been summarized on a functional basis in the accompanying consolidated statements of functional expenses. Accordingly, certain costs have been allocated among the program and supporting services benefited. The Organization only considers costs that are directly spent for the fellowship as program expenses. Other expenses are not indirectly allocated and are considered as supporting services.
- M. *Use of Estimates* The preparation of consolidated financial statements in conformity with U.S. GAAP requires man-

agement to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

- N. **Operating Measure** The Organization includes in its definition of operations all revenues and expenses that are an integral part of its program and supporting activities. Changes in retirement liabilities, support for La Viña, and intercompany and interfund transfers are recognized as non-operating activities.
- O. *Reclassification* Certain items in prior year supplemental analysis for La Viña that were reclassified to conform to the current year presentation.
- P. Recent Accounting Pronouncements During the year ended December 31, 2019, the Organization adopted Accounting Standards Update ("ASU") 2014-09, "Revenue from Contracts with Customers". ASU 2014-09 created Topic 606, Revenue from Contracts with Customers, in the Accounting Standards Codification ("ASC"). Topic 606 requires the recognition of revenue when promised goods or services are transferred to customers in an amount that reflects the consideration to which an entity expects to be entitled in exchange for those goods or services. The new guidance also added Subtopic 30-40, Other Assets and Deferred Costs - Contracts with Customers to the ASC to require the deferral of incremental costs of obtaining a contract with a customer. The Organization adopted the requirements of the new guidance as of January 1, 2019, utilizing the modified retrospective method of transition. The new guidance did not impact the Organization's change in net assets for the years ended December 31, 2019 and 2018. Further, the Organization did not have any contract assets or contract liabilities as of December 31, 2019 and 2018. Accounts receivable as of December 31, 2019 and 2018 are presented on the accompanying consolidated statements of financial position, and accounts receivable as

of January 1, 2018 amounted to \$410,999.

ASU 2018-08 provides guidance to assist the Organization in accounting for contributions. The Organization considers whether a contribution is conditional based on whether an agreement includes a barrier that must be overcome and a right of return of assets transferred or a right of releases of a resource provider's obligation to transfer assets. ASU 2018-08 was adopted retrospectively and had no impact on the change in net assets for the year ended December 31, 2019.

Note 3 — Liquidity and Availability of Resources for Operating Expenditures: AAWS regularly monitors its financial assets available to meet general expenditures during the course of twelve months. It operates within a budget and anticipates collecting sufficient revenue to cover general expenditures. AAWS and GSB have six non-interest-bearing accounts that enable them to meet these needs.

The Reserve Fund was established in 1954 for the purpose of accumulating a prudent operating reserve, which, during 1977 was re-defined as one year's combined operating expenses of AAWS, AAGV and the General Fund of GSB Since the inception of this fund, the one-year target has changed to nine to twelve months of combined operating expenses. To assure liquidity, the Reserve Fund shall contain investment instruments having maturities of one year or less in an amount equal to the sum of the unearned AAGV subscription liability and the operating cash requirements of the service entities. The balance of the Reserve Fund shall be invested in instruments with maturities of between zero and ten years, provided that at no time shall more than 50% of the principal amount of such balance consist of investments having maturity dates of five or more years.

The Organization considers all expenditures related to its ongoing program as well as services undertaken to support these activities to be general expenditures.

The Organization's liquid financial assets were as follows as of December 31:

|                           | 2019        | 2018         |
|---------------------------|-------------|--------------|
| Cash and cash equivalents | \$4,362,492 | \$3,396,035  |
| Investments               | 22,801,022  | 21,762,993   |
| Accounts receivable, net  | 410,999     | 378,577      |
| Total financial assets    | 27,574,513  | \$25,537,605 |

The Organization's liquid financial assets available to meet general expenditures of the next twelve months were as follows as of December 31:

| 2019        | 2018                   |
|-------------|------------------------|
| \$4,362,492 | \$3,396,035            |
| 410,999     | 378,577                |
| 5,773,491   | \$3,774,612            |
|             | \$4,362,492<br>410,999 |

The Reserve Fund is not considered available for operations.

**Note 4** — **Investments:** As described in Note 1, all funds of the Organization not required for working capital are invested in the Reserve Fund of G.S.B. In accordance with established policy, the Reserve Fund invests in certificates of deposit.

The postretirement medical fund holds investments designed to assist in reaching the stated goal of accumulating assets equal to 100% of the accrued postretirement health benefits by December 31, 2025. This fund invests in bond and equity mutual funds.

Investments were as follows as of December 31:

|                         | 2019         | 2018       |
|-------------------------|--------------|------------|
| Reserve fund:           |              |            |
| Certificates of deposit | \$16,059,350 | 16,325,250 |

| Postretirement medical fund: |              |              |
|------------------------------|--------------|--------------|
| Mutual funds — bond funds    | 2,266,304    | 1,997,301    |
| Mutual funds — equity funds  | 4,475,368    | 3,440,442    |
|                              | 6,741,672    | 5,437,743    |
|                              | \$22,801,022 | \$21,762,993 |

Investments are subject to market volatility that could substantially change their carrying value in the near term. Investment activity consisted of the following for the years ended December 31:

| 2019        | 2018                               |
|-------------|------------------------------------|
| \$458,345   | \$392,213                          |
| 1,008,290   | (361,747)                          |
| (35,256)    | (35,105)                           |
| \$1,431,379 | \$(4,639)                          |
|             | \$458,345<br>1,008,290<br>(35,256) |

**Note 5 — Fair Value Measurements:** The fair value hierarchy defines three levels as follows:

- Level 1: Valuations based on quoted prices (unadjusted) in an active market that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.
- Level 2: Valuations based on observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets; or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.
- Level 3: Valuations based on unobservable inputs are used when little or no market value data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

In determining fair value, the Organization utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible in its assessment of fair value. Investments in mutual funds are valued on quoted market prices and valued at Level 1. Investments in certificates of deposit are valued using observable market data and are valued at Level 2.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. For the years ended December 31, 2019 and 2018, there were no transfers.

Financial assets carried at fair value as of December 31, 2019 are classified as follows:

|  | Level 1                | Level 2      | Total                  |
|--|------------------------|--------------|------------------------|
| Reserve fund:<br>Certificates of deposit   |                        | \$16,059,350 | \$16,059,350           |
| Postretirement medical fund:<br>Mutual funds — bond funds<br>Mutual funds — equity funds | 2,266,304<br>4,475,368 |              | 2,266,304<br>4,475,368 |
|  | \$6,741,672            | \$16,059,350 | \$22,801,022           |

Financial assets carried at fair value as of December 31, 2018 are classified as follows:

|  | Level 1                | Level 2      | Total                  |

| Net book value                 | \$2,158,900 | \$1,527,483 |                           |
|                                |             |             |                           |

Depreciation and amortization expense amounted to \$375,844 and \$502,128 for the years ended December 31, 2019 and 2018, respectively. Fully depreciated property and equipment amounting to \$4,235,803 was disposed of during the year ended December 31, 2019.

**Note 7** — **Concentration:** Cash and cash equivalents that potentially subject the Organization to a concentration of credit risk include cash accounts with a bank that may exceed the Federal Deposit Insurance Corporation ("FDIC") insurance limits. Accounts are insured up to \$250,000 per depositor. As of December 31, 2019 and 2018, cash and cash equivalents held in banks exceeded FDIC limits by approximately \$1,899,000 and \$900,000, respectively.

**Note 8 – Postretirement Health Benefits:** The Organization provides health care benefits for retired employees, substantially all of whom become eligible if they attain retirement age while working at the GSO. Benefits are provided through health insurance contracts maintained by the Organization.

For employees hired before 2004, 25% of the cost is borne by the retirees.

For employees hired after January 1, 2004 through June 30, 2016, there is a three-tier structure in the level of group medical insurance premiums paid for on behalf of employees who retire directly from the GSO. For employees with 5-9 years of service, the Organization pays 25%, 10-15 years, 50%, and more than 15 years, 75%.

In March 2016, the Organization decided to no longer provide healthcare benefits upon retirement for employees hired after June 30, 2016.

The assumed health care cost trend rate used to measure the expected cost of benefits covered by the plan was 4.5% and 5.1% as December 31, 2019 and 2018, respectively. A discount rate of 3.28% and 4.26% has been used to measure the accrued postretirement health benefit obligation reflected on the accompanying consolidated statements of financial position as of December 31, 2019 and 2018, respectively.

As described in Note 1, a postretirement medical fund has been created by the Board with the purpose of accumulating assets to fund 100% of the postretirement health benefits liability. As of December 31, 2019 and 2018, this fund had assets with a fair value of \$6,846,071 and \$5,487,251, respectively. As required under U.S. GAAP, such assets are not reported net of the related postretirement benefit obligation on the accompanying consolidated statements of financial position.

The benefit obligation amounted to \$6,398,120 and \$6,836,634 as of December 31, 2019 and 2018, respectively. The net change in the retirement liability is reported as non-operating activity in the accompanying consolidated statements of activities and amounted to \$883,862 and \$1,032,682 for the years ended December 31, 2019 and 2018, respectively.

The net periodic benefit cost for the years ended December

31, 2019 and 2018, amounted to \$445,364 and \$495,636, respectively.

The expected postretirement benefits to be paid for the next ten years are as follows:

**Note 9** — **Retirement Plan:** The Organization adopted a defined benefit pension plan (the "Plan") effective January 1, 1965 to provide retirement benefits to eligible employees who have completed one year of service.

The Plan provides an annual benefit equal to two percent of final average compensation multiplied by years of service (not to exceed 35 years), less 0.65% of average social security earnings multiplied by years of service (not to exceed 30 years). The social security offset cannot reduce the gross benefit by more than 50%.

During 2017, the Plan was amended to provide a limited window from October 10 through November 22, 2017 to allow deferred vested participants the opportunity to elect to receive a lump sum distribution if the present value of their benefit was less than \$100,000 as of December 1, 2017.

The funding status of the Plan as of December 31 is as follows:

|   | 2019                  | 2018          |
|---|-----------------------|---------------|

| Thereafter | 1,815,000   |
|            | \$6,142,000 |

Rent expense for real property amounted to \$1,080,450 and \$846,761 for the years ended December 31, 2019 and 2018, respectively.

B. The Organization believes it had no uncertain tax positions as of December 31, 2019 and 2018, in accordance with ASC Topic 740, "Income Taxes", which provides standards for establishing and classifying any tax provisions for uncertain tax positions.

**Note 11** — **Intercompany and Interfund Transactions:** As of December 31, 2019 and 2018, GSB owed AAWS \$6,651,446 and \$4,671,183, respectively, for various organizational expenses.

The Reserve Fund of GSB includes transfers from AAGV that represent amounts held for unfulfilled subscriptions. This balance amounted to \$1,893,500 and \$1,943,500 as of December 31, 2019 and 2018, respectively. The balance is reflected as an asset of AAGV and a liability of the Reserve Fund of G.S.B on the accompanying consolidated statements of financial position. In addition, as of December 31, 2019 and 2018, the Reserve Fund owes A.A.G.B. an additional \$30,435 and \$19,560, respectively.

As described in Note 1, funds of the operating entities in excess of those required for working capital are transferred to the Reserve Fund. For the years ended December 31, 2019 and 2018, such transfers made to the Reserve Fund were as follows:

|                            | 2019        |
|----------------------------|-------------|
| Transferred from AAWS      | \$1,400,000 |
| Transferred (to) from AAGV | (44,000)    |
|                            | \$1,356,000 |

Additionally, \$227,917 and \$251,000 were transferred from the General Fund and AAWS to the Postretirement Medical Fund for the years ended December 31, 2019 and 2018, respectively. Funds of \$458,597 and \$32,386 were transferred from the General Fund and AAWS to the Capital Projects Fund for the years ended December 31, 2019 and 2018, respectively.

**Note 12 — Subsequent Events:** Management has evaluated, for potential recognition and disclosure, events subsequent to the date of the consolidated statement of financial position through July 22, 2020, the date the consolidated financial statements were available to be issued.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus ("COVID-19") as a pandemic, which continues to spread throughout the United States. The Organization could be materially and adversely affected by the risks, or the public perception of the risks, related to an epidemic, pandemic, outbreak, or other public health crisis, such as the recent outbreak of COVID-19. The ultimate extent of the impact of any epidemic, pandemic or other health crisis on the mission, financial condition and results of operations of the Organization will depend on future developments, which are highly uncertain and cannot be predicted, including new information that may emerge concerning the severity of such epidemic, pandemic or other health crisis and actions taken to contain or prevent their further spread, among others. Accordingly, we cannot predict the extent to which our financial condition and results of operations will be affected.
