

**ALTERNATE REGISTRAR'S REPORT
NIA 20 SUMMER COMMITTEE MEETING
AUGUST 6, 2022**

I have been working with Registrar Chris E. to get up to speed on my duties as Alternate Registrar including gaining some expertise on the Fellowship Connection (FC) database, and the registrar's duties in the Area. I have recently attended the U.S. and Canada Area Registrars' monthly workshops and the GSO FC Sharing Session on July 13, 2022, to learn more. I supplied paper copies of various GSO and Area registration forms and the Area Committee Roster for today's meeting, and will continue to do so at future Assemblies and Committee Meetings. I had an expense of \$67.02 for copying the forms and the Area Committee Roster for today's meeting.

I support the motion being presented today by Registrar Chris E. to establish duties and responsibilities for the NIA 20 Alternate Registrar because currently, according to the NIA Service Manual, I have none. In reality, the alternate registrar does have duties and responsibilities to assist with the registration process for the Area as listed in the motion.

I also support the motion being presented today by Chris E. to give the Alternate Registrar a vote at the NIA 20 Assemblies as an officer with duties and responsibilities, once the motion establishing these duties and responsibilities has been approved by the Assembly.

Respectfully submitted,
Christy B.
NIA 20 Alternate Registrar
